Vantage® Names New Director of Pharmacy for Vantage® Care Apothecary

Timothy Dommermuth, R.Ph., has been named the new Director of Pharmacy for Vantage® Care Apothecary based out of Meadville, PA. For the past twenty-three years, Dommermuth was the Director of Pharmacy at Pleasant Ridge Manor, the Erie County nursing home prior to accepting his new role at Vantage®. “I enjoyed the challenges and opportunities that I faced together with my department. I am hoping that I can continue that same process with the Vantage® team,” said Dommermuth.

Robin Smith, Pharm.D., Senior Vice President of Pharmacy Services stated, “We are very excited to welcome Tim into our Vantage® family. Tim’s extensive pharmacy experience has proven him a leader with a team as well as steadfast to the patients he serves. It took two and a half years to find the right candidate for the position. Thanks to Kathy Hyde’s flexibility and patience, serving as the interim Pharmacy Manager, we were able to closely evaluate each candidate to ensure the right fit. Tim was the stand out; we are delighted to have him aboard.”

On board

Dommermuth attained his degree from Philadelphia College of Pharmacy and Science and has been a practicing pharmacist for the last thirty years. Dommermuth has celebrated 23 years of marriage to his wife Renee. They have two children; a daughter Kelly, who is currently a junior at Edinboro University and a son Kyle who just graduated from General McLane High School with plans to attend Indiana Tech on a lacrosse scholarship.

Vantage® operates multiple companies that service healthcare in Pennsylvania along with providing healthcare services in eleven other states. The company has over 350 employees and annual net revenues over 55 million dollars.

Vantage® has two locations in Erie, PA that include a high-tech medical linen plant on Colonial Avenue and offices at One LECOM Place on the Bayfront. Offices in the historic Venango Exchange Bank Building in Franklin, PA and headquarters at 1305 S. Main Street, Meadville, PA., represent the operations of the company.

Vantage® began in 1984 and is in its 27th year of operation. The mission of Vantage is to develop services of quality that are provided locally, convenient to the patient which saves costs and equates to growth of owner shareholder value. Vantage’s system of companies helps doctors and hospitals provide care locally using seven durable medical equipment retail store locations, seven diagnostic sleep labs, and mobile diagnostic and treatment services. For more information about Vantage® visit www.vantagehealthcare.com or contact Mrs. Katrina Leftheris-McCullough at 814-337-0000.
